

FOR HOUSTON MED SPAS, DENTAL & CHIROPRACTIC PRACTICES

Patients check you out long before they call. *Make sure they like what they find.*

I'm LaTonya S. Johnson — a chemical engineer who now engineers income systems. I make sure Google and the new AI assistants present your practice the way it deserves.

LOCAL SEO

Win the Google moment

More than half of your future patients start on Google. I engineer your listings, reviews, and site so that when they search "dentist near me" or your name, what they find earns the call.

Be the answer AI gives

When someone asks ChatGPT or Google's AI "who's a good med spa in Houston?", the AI names a shortlist. Answer Engine Optimization is the engineering that puts your practice on it.

18% of Google searches now show an AI summary; when one appears, clicks on regular results fall from about 15% to 8%. 45% of consumers have asked AI for local recommendations — up from 6% a year earlier. (Pew, 2025; BrightLocal, 2026)
